ADVISES HARDING ON LEAGUE OF NATIONS

McCumber Says Present League is Dead as Far as the United States is Concerned

(By Associated Press.)
Marion, O., Dec. 28.—Senator McCumber, of North Dakota, only republican member who voted for ratification of the treaty of Versailles and League of Nations without reservations, today advised President-elect Harding to go ahead with his proposition for the formation of a League of Nations independent of the league, as he considered the League dead as far as the United States was concerned.

McCumber said he did not recommend any definite plan for the formation of an association of nations but urged the formation of some sort of international tribunal to which the nations could submit questions of differences for arbitration before going to war.

CITY JUDGE SMITH FINES MOTORISTS

A portion of the time Monday night of the city court session was devoted to motor trucks and the operation of the same. City Judge G. Murray Smith was chief instructor. The class comprised several operators of trucks and automobiles who were to be reprimanded for not having their lessons or disobeying the same, regarding the operation of machines while in the city of Richmond. Punishment was meted out in the way of fines in five cases, wherein there were no officers left open, only one light displayed, inferior headlights, and some not at all. The members of the class seemed imbued with the idea that the motor vehicle law was something to play with. Instructor Smith gave an illustration in the way of a fine and some good advice, and admonished all to obey the law, since there was danger of persons being injured or killed, by such violations, and finally it was the law. The men paid their fines at the close of the session.

TO UPHOLD LICENSE LAW

There will be no excuse for a sign "license applied for" on motor vehicles after the first of the year, city officials state, since the new state law enables owners of such vehicles to obtain their license in their own county at any time, and it is expected there will be much turmoil within another week unless there are numerous applications for license soon.

One of the reasons for the new law, it is said, was the disregard of the former laws, according to state officials. They state one would place a "license applied for" card on their machine whether the license had been sought or not, some using their machines for weeks and months without applying to the state. Others have been known to make long trips in new machines, another manner of dodging the license question. There will be no consideration shown those with 1920 numbers on their machines after January 1st, and the matter of obtaining license in time on running the gamut with the law is now up to the owner of the vehicle.

ELLISON'S TRIAL AT MADISONVILLE TODAY

(By Associated Press.)
Madisonville, Ky., Dec. 28.—Citizens of Hopkins county were on the tip of expectancy today when the trial of the case of the Hopkins circuit court was to convene to try Lee Ellison, a negro, accused of the murder of Sheriff Scott Hunter here last November 5.

An unremitting search for Ellison was made, resulting in his being captured in Hannibal, Mo., the home of his mother. The trail led to a number of cities and there were several reports that he had been taken before his final capture. Rewards totalling \$1,500 were offered for his apprehension.

The county authorities charge that Ellison shot and killed Sheriff Hunter when the latter attempted to arrest him for a minor offense.

The prevalent belief is that despite the tense feeling that was shown here for some time, the law will be allowed to take its orderly course. Ellison was brought here by state troops.

BIG FARM LOANS AWAIT COURT ACTION

(By Associated Press.)
Louisville, Ky., Dec. 28.—Applications for loans conservatively estimated at \$15,000,000 from the Federal Farm Loan Land Bank here are waiting for the United States supreme court to decide as to the constitutionality of the federal farm loan act, according to President Howell.

A decision is expected to be handed down by the court probably in January. The case was appealed to it early in 1920 and meantime operations of the various regional banks have been stagnant pending a decision.

The Louisville bank's territory includes Kentucky, Indiana, Ohio and Tennessee. Should the law be held constitutional, Mr. Howell expressed the belief that applications for loans by farmers would within a month go far above the \$15,000,000 estimate already requested.

MANUFACTURERS MUST PAY TAX

(By Associated Press.)
Frankfort, Ky., Dec. 28.—Reports blanks for the state license tax assessed against manufacturers in Kentucky have been mailed from the office of the state tax commission here to every manufacturer in Kentucky. The tax is 50 cents on each part of its authorized capital stock represented by property owned and business transacted in the state. The tax must be paid by February 1.

Louisville, Ky., Dec. 28.—Warning to manufacturers that they must pay the state license tax of 50 cents on each \$1,000 of their capital represented by property owned or business transacted in the state has been issued here by the Kentucky Manufacturers' Association. The warning states the tax must be paid by February 1 and that failure to get the report blank from the state tax commission does not exempt the company affected from heavy penalties under the state law.

ALLEGED SLAYER CAUGHT

Middlesboro, Ky.—Moses Lucas was arrested here as he was boarding a train on information that he had killed Will Smith in a wet card game at High Split, Harlan county, and that he had fled in this direction.

FIRST CITY COUNCIL MEETING OF YEAR

Will Be Held On Thursday Jan. 6, With Much Important Business On Hand

On the first Thursday night of the new year, January 6, will take place the first regular meeting of the Richmond city council for the year and the first after the elimination of the semi-monthly meetings. This date falling upon the 6th will admit of most of the bills being presented for payment and promises to be an interesting session, since there are a number of important matters to be brought before the city dais.

There will be a report of the members of the fire committee selected to investigate the matter of alleged negligence in the ranks of the department. This committee, comprising Councilmen Altman, Whittington and Golden, it is said, will be able to report that there has been a complete inspection of the first truck at the station and that there has been no tampering with the machinery. It was believed for a while, owing to a series of mishaps during a recent fire that some one had thrown a monkey wrench in the machinery. The truck was gone over and the result, it is claimed, is that there was no evidence of anything of the kind.

There will be a number of streets given consideration, although it is not believed there will be any extensive taken up until spring. It is known that the council contemplates a number of improvements. However, in one instance the necessary material is entirely too expensive and will not be bought at this time.

2 CASES HEARD IN QUARTERLY COURT

Monday in quarterly court proved a busy day, the entire day being consumed in hearing two cases, and Tuesday morning at 9 o'clock, County Judge W. K. Price started in on the remainder of the docket which bid fair to require the whole day.

The first case heard in which the jury disagreed, was that of E. A. A. Christman against Charles Carter, the former asking damages in the sum of \$147.75. The suit resulted from a collision between a truck being operated near Kingston and a touring car in charge of Carter, some time ago. After hearing the evidence, the jury failed to agree with the result that the case will come up for a hearing at the next term of court.

The second case was that of the Continental Works Company against B. M. Jgo, for collection for a barrel of roof paint. The defendant maintained that the material was inferior and defective, not coming up to the guarantee. The jury found for the defendant.

RAISIN JACK MAKINGS TO GO TO ORPHANAGES

Louisville, Ky.—Capt. J. S. Hamilton, prohibition enforcement staff, has made application for a federal order which will give to the orphanages of the city of Louisville, 2,000 pounds of raisins confiscated in hearth stills here.

CHRISTMAS PARDON FOR ONLY PRISONER IN JAIL

Mayville, Ky.—A pardon was given Pete Wiley, doing thirty days for having robbed clotheslines, because he was the only prisoner in jail and it was Christmas.

THREE FINED FOR DRUNK

Three men, defying the laws pertaining to sobriety, came in for a hearing and fine Monday night when they faced City Judge Murray Smith on charges of intoxication. They li quided, and absorbed seemingly, some wholesome advice regarding the laws which were explicitly explained—so plain was the law made to them that should they err in the future, it will not be because of their ignorance of the law.

COLD WAVE ARRIVES: COLDEST WEATHER HERE

The predicted cold wave arrived on schedule time, the mercury dropping steadily from 3 o'clock Monday afternoon to 14 above zero at midnight. The tumble was such as to cause many to shiver who were caught out without preparations for a return trip with sufficient wraps. The cold wave is general throughout this section of the country, but is not expected to be of lengthy duration.

'SHINE ALONE KEEPS MANY JAILS BUSY

(By Associated Press.)

Pikeville, Ky., Dec. 28.—Moonshine whisky is the only thing that keeps the jails of Kentucky from being empty, according to a statement given out here by Judge Roscoe Vanover, of the 35th judicial district of Kentucky. The judge explains the eighteenth amendment to the United States constitution and the Kentucky prohibition law.

"The state of Kansas," says the judge, "has had a similar law in force for a number of years. As a result of this law 53 counties out of 105 in the state of Kansas have empty jails and 65 counties have no prisoners serving jail sentences. Some counties in that state have not called a jury to try a criminal case in 10 years and a grand jury is so uncommon that half of their people do not know what it is. With intoxicating drinks abolished, 95 per cent of our crime is gone and we, too, could have empty jails were it not for the effects of moonshine whisky. We have always felt justly proud of our 'Old Kentucky Home,' but if half of the jails of our state were empty could we not have our pride greatly increased?"

OHIO STATE TEAM A GREAT "FINISHER"

(By Associated Press.)
Columbus, O., Dec. 28.—When the University of California football team met the Ohio State team at the tournament in Pasadena, Cal., on New Year's Day, the Pacific coast champions will play against an aggregation which has shown itself as probably the greatest "finisher" in modern football history.

"Watch the clock" is a slogan which developed among Ohio State's opponents as the Western Conference season progressed for the opposition coaches soon learned that while their proteges might hold Ohio State at bay through nine-tenths of the game, the conference champions could not be stopped in the last few minutes of play.

The reputation of being great finishers was borne out by the record of the past season. Ohio State played five conference games and in four of the games faced defeat until the final minutes, or seconds, of play, but each time came through with a spurt of perfect football which brought victory.

Probably the greatest feat of the Ohio State eleven—although not its most sensational—was the victory over Wisconsin. Wisconsin came to Columbus the favorites for the conference title.

The Badgers, with a powerful, slashing attack that cut through the blockers and around the ends, kept Ohio on the defensive most of the game. Finally, by sheer, crushing strength, Wisconsin sent over a touch down and goal was kicked, making the score 7 to 0. Wisconsin maintained this margin until two minutes before the game ended. Then Hoge Workman, Ohio State's forward passing quarterback, dropped back into punt formation. Stinchcomb, All-American, started around the end to receive the forward pass and Ohio State had opened the first of its last minute offensives. Forward passes brought tremendous yardage and there was never a slip. A touchdown was shoved over, but goal was missed, leaving Wisconsin ahead by one point—and less than a minute to play.

The Ohio offensive, however, was not found wanting. Just before the final whistle another touchdown was put across, giving Ohio State the victory through the seemingly impossible feat of scoring two touchdowns in two minutes against a team which had proved vastly superior for 48 minutes.

The most sensational spurt, however, came against Illinois in the game which decided the conference championship. The two teams battled evenly until finally Ohio, in another of its great finishes, worked the ball on perfect plays to Illinois' 20 yard line with only ten seconds to play. Standing ten yards back, Hoge Workman received the ball and, perfectly protected, shot it forty yards to Myers for a touchdown and the championship. The whistle blew while Workman's arm was being drawn back for the throw, but the rule is that a play must be completed, so the touchdown counted.

MAY DRILL FOR OIL IN ROSEDALE PARK

Recent Purchaser of Local Property Said To Be Optimistic—To Be Future Home

William Knox, purchaser of a core of lots in the Rosedale Park addition, has signified his intention of applying for a license to drill for oil in that locality, bringing this operation nearest the city of Richmond it has ever been.

According to Mr. Boen, from whom the property was purchased, Mr. Knox is of the opinion that oil abounds in this immediate vicinity and that drilling hereabouts will soon be under way. There have never been any test wells, but several have declared their belief that there are evidences of oil in paying quantities. That Mr. Knox has faith in the future as well as the progressive city of Richmond was learned last night when he signified his intention of constructing a handsome residence here with the intention of making this city his future home.

While the newcomer is a resident of Powell county, he is said to have interests in oil in various parts of the state and to be an experienced operator and contractor.

NO DEMONSTRATION AT ELLISON'S TRIAL

(By Associated Press.)
Madisonville, Ky., Dec. 28.—The arrival of Lee Ellison, negro, here early today was without incident except a large crowd was on hand. The negro was surrounded by state soldiers and taken to the jail. He was later removed to the court room and placed on trial for the murder of Sheriff Hunter. Adjutant General Morris and Captain John Norman were in command of 71 soldiers from Louisville who were sent here to guard the prisoner and preserve order during the trial. No trouble is anticipated. Relatives of the slain Sheriff previously urged that no demonstration be made against the negro.

A jury was secured during the forenoon. Counsel for Ellison announced at the conclusion of the commonwealth's evidence that he would throw his client on the court's mercy. Soldiers with rifles guarded every entrance to the court house, a dozen being stationed in the court room. There was no sign of a demonstration.

Notice to My Friends and Customers

Having sold the Richmond Buck Co. to Mr. Charles Shrewsbury, I take this means of thanking my many friends, and the public generally for their patronage and bespeaking for Mr. Shrewsbury the same good measure of friendship and good will for which I am very appreciative.

Mr. Shrewsbury will take possession of the business on South Third street, beginning Saturday, January 1, after which date I can be found at my livery barn across the street or at his office, to make good any adjustments or guarantees that may be outstanding.

Very truly,
Burton Roberts.

AUTO THEFT CHARGED

Paris, Ky., Dec. 28.—Herbert Harding, young white man, arrived in Paris this afternoon in charge of Chief of Police W. Fred Link, after he had been traced and his arrest caused at Lafayette, Ind. He is under indictment by the Bourbon county grand jury charged with grand larceny, in having purloined an automobile belonging to W. S. Finney, of Bourbon county.

WISCONSIN CITY RAIDED; GET LIQUOR

(By Associated Press.)
Hurley, Wis., Dec. 28.—More than half a hundred federal prohibition agents from Chicago, raided 35 open saloons here today and surprised the proprietors. Many arrests were made and quantities of liquor seized by the federal agents, who were armed; but not a shot was fired during the first hour of operations.

The raid followed a wild night at Hurley, where liquor was sold at bargain rates, ranging from 25 cents for moonshine whisky to 75 cents for well known brands.

This logging town has been the center of anti-prohibition feeling for several months in opposition to any outside encroachment and took form when bootleggers organized and issued a warning that the first prohibition agent found in Hurley would be shot. They vowed, it was said, to keep Hurley a "man's town for real men." A home brewery has been a prominent industry of the place which has a population of 2,500.

ORDERED BY LANDS

(By Associated Press.)
Chicago, Dec. 28.—The federal prohibition raid on Hurley, Wisconsin, today, was ordered by Federal Judge Landis, after reports reached him that alleged moonshiners threatened to shoot any prohibition raiders who appeared. Hurley is a logging camp and is said to be one of the wide-open spots of the northern woods.

U. S. TO PUBLISH LIST OF KENTUCKY EVADERS

Washington, Dec. 28.—Kentucky draft evaders whose fears have been lulled to rest by more than two years of security from prosecution are about to receive an unpleasant surprise. Their names will be published, in their "home town" sections as a preliminary step to bringing them to a speedy trial, the War Department announced today.

The department announced some months ago that it would give out the names for publication, but later decided not to do so when it was found that the names of many innocent men were still included in the list.

The list of Kentuckians has been gone over by the State Adjutant to eliminate the names of those men who later entered the service or who were unjustly classified as deserters. No announcement was made as to when the names will be made public.

WALLACE AND HOOVER FOR CABINET

Washington, Dec. 28.—Henry C. Wallace, of Iowa, publisher of Wallace's Farmer, has been chosen for Secretary of Agriculture in the new Administration, according to reports reaching here today.

Both Iowa Senators, Kenyon and Cummins, it is stated, have given their approval, but Senator Capper, of Kansas, likewise a publisher, is credited with being responsible for the selection. Before the campaign President-elect Warren G. Harding had not met Mr. Wallace.

Despite the opposition in republican ranks, Herbert C. Hoover also has made great progress as a prospective member of the Harding cabinet. He is being mentioned for Secretary of the Interior or Secretary of Commerce.

FREED FROM HUSBAND

28 YEARS HER SENIOR
Louisville, Ky.—Mrs. Alexander Napierala was granted a divorce. She is a graduate physician, but her husband, who is 28 years her senior, a resident of Eminence, objected to her practicing. "He wanted me to stay at home and attend the chickens," she said in her deposition.

COUNTY GRADED SCHOOLS' PROGRESS

Pupils, Assisted By County and State Board, Work Hard To Make This Banner Year

The Junior High schools of the county closed last week with the most interesting and elaborate programs in observance of Christmas in years, and the senior grades are continuing their work. They are making considerable progress this week and the result will count much the first of the year. The graded schools of the county have been making excellent records, and it is the intention of the officers of the county board to make this a banner year. With new equipment, together with a very adequate corps of instructors, the average in this class of study has been far above normal, it is believed, thus far. With the losing of no time, indications are that there are several hundred students throughout the county who will be far ahead another year and many will be fitted for teaching, should they desire to take up this work at an earlier period than anticipated heretofore. Officials of the county board, as well as the instructors, are jubilant over the progress made thus far. There is an unusual degree of interest displayed upon the part of the pupils, many of whom are preparing themselves for teachers, and with the assistance of the state officials, which has not only been promised, but which is already much in evidence, Madison county's progress during the year in school work will rank it as believed, well towards that of the first.

BURTON ROBERTS SELLS RICHMOND BUCK CO.

Announcement has been made that Burton Roberts has sold the Richmond Buck Company to Charles Shrewsbury, of the county, a well known young farmer on the Lapaster pike. Mr. Shrewsbury obtains possession on next Saturday, January 1st. He will give a most cordial welcome to business circles in Richmond. Mr. Roberts will devote his entire time for the present to the conduct of his livery barn, which is just across the street from the Richmond Buck Company office on South Third street. Mr. Roberts has built up a splendid business as agent in this county for the famous car whose name the company bears.

TWO WERE AT MASONIC MEETING 50 YEARS AGO

An interesting historical event was a feature of the meeting of Waco lodge of Masons Monday when the annual election of officers was held. The roster of the lodge is exactly 50 years old and was read and it was found that of the membership at that time, but two are surviving today, and both were present at the meeting Monday. They are Messrs. C. L. Searcy and D. G. Martin. They were congratulated by their many friends who hope to see them at lodge meetings 50 years from now. At that meeting 50 years ago, Mr. Martin was named Senior Deacon, and at the meeting Monday he was elected Senior Warden. The list of officers chosen was as follows:

Master—A. W. Williams.
Senior Warden—D. G. Martin.
Junior Warden—J. M. Lykins.
Secretary—C. L. Searcy.
Treasurer—Frank Hord.
S. and T.—John Hord.

Pittsburg, Pa., Dec. 28.—The first cut in the price of crude oil for more than three years was announced here today when the principal purchasing agencies posted a barrel for the grade known as "Coring," a reduction of 25 cents a barrel. Corning is a Ohio oil. All other grades were posted unchanged.

GOOD HEALTH HINTS

Oklahoma Farmer Gives Sound Advice on Avoiding Sickness.—Used Black-Draught 30 Years.

Cameron, Okla.—"I have used Theodor's Black-Draught for about thirty years, and certainly ought to know by this time what a good medicine it is," says Mr. T. L. Bostler, a well-known farmer of this place. Mr. Bostler has passed his three-score-and-tenth year, but declares his health still is good. "I can say Black-Draught did its part."

"Where there is a lot of malaria, a liver medicine is a necessity, and I have never found one better than Black-Draught," continues the Okla. farmer. "It is one that I know to be reliable. I use it for the liver, stomach, constipation, indigestion, and it has done me a world of good. We use it for the family, and it gives satisfaction."

"All trouble, or sickness, comes from the liver, and if taken in time can be avoided. That is why I use Black-Draught as I do. I am much pleased with results obtained."

Theodor's Black-Draught is purely vegetable. It acts on the bowels, gently stimulating the liver, and helps in the normal flow of bile into the intestines. It assists in the digestion of food, and relieves constipation in a prompt and natural way. Ask your druggist for a package today. Insist on Theodor's. NO. 133

Prominent Players in Company Which Filmed Morality Play

In these days of widely heralded all-star motion picture casts that so often fail to materialize on the screen it is a relief to find a picture like "Every Woman," showing at the local theatres during the first part of next week, and presenting an array of film favorites that has seldom been duplicated in one picture before. Violet Fleming, the charming stage and screen player, has the leading role in this superbly produced version of Walter Brown's famous morality play. Theodore Roberts is Wealth, Wanda Hawley is Beauty, and Monte Blue is Love. Bebe Daniels was recruited from the ranks of comedy to play the role of Vice. Others in the company are Margaret Loomis, Mildred Rendon, Raymond Hatton, Noah Berry, Irving Cummings, Charles Ogle, and Tully Marshall. The picture was directed by George H. Melford and is a Paramount-Artcraft picture.

Brave Woman Fights To Save Husband

"The Whisper Market," the Vitaphone production to be shown at the local theatres on Wednesday, has provided Corinne Griffith with one of the most acting opportunities of her career. As Ermine North, wife of the American Vice Consul at Rio de Janeiro, she gives a vigorous sympathetic portrayal of a real woman, moved by womanly emotions, who fights bravely to help her husband, and, unwitting, falls into the coils of a band of international blackmailers.

It is a story of mystery and adventure, involving the governments of two countries, and the woman is the center about which it revolves. Her good intentions act as boomerangs. It is when she is thus at bay, torn by conflicting emotions, the prey of fear and anguish, but with unquenchable devotion, that Miss Griffith gives of her very best—and there is no better. It is a gripping story, with a number of big scenes acted with a tenderness and honesty which brings the whole production to great heights of realistic drama.

Fashion Display Features Metro Film "Clothes"

The coming of Metro's all-star production of "Clothes" to the shown at the local theatres Friday next, marks the arrival of another big Broadway success on the screen. "Clothes" the drama with which Avery Hopwood and Clanning Poolock started their successful careers as dramatists in 1908, at the same time laid the foundation for the starring career of Grace George.

It tells the story of feminine vanity, extravagance and capriciousness, leading on to disaster in a cynical set in New York society. The heroine Olivia Sherwood, is an orphan, whose supposedly wealthy father has left her nothing but an income of \$2,000 a year—hardly enough for pin money in the circle in which she revolves.

20 "111" cigarettes 15¢

It is not often that a merchant can seize an opportunity such as this. Such opportunities are rare. After the Armistice, the rate of exchange prohibited the exportation of certain fine types of leaf tobacco. We purchased this tobacco and are using it in the manufacture of "111" (ONE-ELEVEN) CIGARETTES, producing a new product—a quality product—and one that is giving exceptional satisfaction, for these types of tobacco have never previously been used in the manufacture of cigarettes selling in this country.

FINALLY—try them!

Guaranteed by The American Tobacco Co. which asserts that if you don't like "111" Cigarettes, you can get your money back from the dealer.

Olivia, however, continues to live as gayly and recklessly as if she were still wealthy. Arnold West, a lawyer, who deceives her into believing the money is hers. When she is heavily in debt he tells her she is a pauper dependent upon him for charity. She has to marry him, he insists, because he has "bought her." Olivia is in love with another man, and Arnold's disclosures produce a typically modern tragedy.

Ford

THE UNIVERSAL CAR
That Dependable Ford Quality

Ford durability began back in 1903 when Henry Ford started experimenting with Vanadium steel and heat-treating processes. He knew that a more exact tempering of steel for motor car building must be worked out. Vanadium, it was learned, when added to molten steel, gives to that steel a greater toughness and adhesiveness. And now other alloys have been found which are superior to Vanadium. With the Ford Motor Company constant progress is the daily companion. The Ford products—Car, Truck, Tractor—grow in quality daily. Heat-treating tempers each part so that it will best withstand the wear or tear to which it is subjected. Ford chemists and analysts have created formulas and standard specifications for every individual part of the Ford car—not only for the steel but for everything from pneumatic tires to top.

Ford durability isn't a matter of accident, it is a matter of painstaking thoroughness in laboratory and factory. The Ford is a car of precision—of standardized values. Order your Ford car now. No matter how fast they may be made the demand multiplies faster. Order today for we can make fairly prompt deliveries—Runabout, Touring Car, Coupe, Sedan, Truck and Fordson Tractor.

RICHMOND MOTOR COMPANY, INC

36 FIRES IN 1919; 53 THUS FAR FOR 1920

Property Loss in Richmond Will
Show Big Increase as a Result—New Equipment

Reports from the Richmond fire department thus far show more than one-half as many more fires in the city during the present year as last, with another week to come, there having been 53 calls thus far this year over 36 for the entire year of 1919.

The property loss, reports will show, has been much greater as a result, although there were but few big fires during the twelve months. The expense to the city will be accordingly increased, owing to the fact that the volunteer firemen are paid so much per trip. Acting Chief Mose Nelson, reports that with the equipment recently ordered for the department, consisting of new coats, boots, nozzles and hose, there will be much better facilities for fighting fires.

The number of fires per month for the past and present years thus far were as follows:

1919	1920
January, 8	January, 4
February, 5	February, 7
March, 5	March, 2
April, 1	April, 1
May, 3	May, 2
June, 0	June, 2
July, 1	July, 4
August, 8	August, 4
September, 2	September, 5
October, 0	October, 9
November, 1	November, 6
December, 2	December, 7

June and November of last year, were the only months during which the department was not called. Three of the months last year there were but one call made, and but one month this year, that being April. The largest number of fires reported in a single month was for October, of the present year.

There has been no changes in the personnel of the department, although it is expected there will be in the near future, since one of the volunteer firemen is preparing to leave the city and at a recent meeting of the city council, it was suggested that there be a number of additional men placed in service, although the number was not specified nor the measure further considered.

Should Be Quarantined

Many physicians believe that anyone who has a bad cold should be completely isolated to prevent other members of the family and associates from contracting the disease, as colds are about as catching as measles. One thing sure—the sooner one rids himself of a cold the less the danger, and you will look a good while before you find a better medicine than Chamberlain's Cough Remedy to aid you in curing a cold.

NOTICE TO STOCKHOLDERS

The annual meeting of the stockholders of the State Bank & Trust Company, of Richmond, Ky., will be held at the bank between the hours of 10 a. m. and 2 p. m., on Tuesday, January 11, 1921, for the election of directors and such other business as may legally come before said meeting.

CENTRE AT FT. WORTH

(By Associated Press)
Fort Worth, Texas, Dec. 28—The Centre College football team of Danville, Ky., arrived here today and will meet the Texas Christian University team New Year's Day. Coach Moran and Athletic Director Meyers are in charge of the squad.

FUME REPORTED TAKEN

(By Associated Press)
London, Dec. 28—A Central News dispatch says Premier Giolitti, of Italy, declared at the press conference in Rome last night that there is reason to believe Fiume is occupied by regular troops.

Do You Enjoy Your Meals?

If you do not enjoy your meals your digestion is faulty. Eat moderately, especially of meats; masticate your food thoroughly. Let five hours elapse between meals and take one of Chamberlain's Tablets immediately after supper and you will soon find your meals to be a real pleasure. See

BEFORE February 7 we must have rooms for 200 or more students. Will rent one, two or more rooms in a home or will contract for entire house. Phone or write E. C. Gentry, Business Manager, E. K. S. N. S., phone 156 or 792. 297 tf

A marriage license was issued Tuesday to Earl Johnson, 25, and Elizabeth Hunter, 18, of Waco.

Lest ye forget—that license on the dog will soon be due, and many have already turned their thought to the payment of same.

Physicians report this weather would be the healthiest of the winter and should it continue for a period of two weeks, overcoats would not be overworked, since after becoming "acclimated" as one physician stated it, the public would be going about unmindful of the seemingly cold weather.

There will be many kids throughout the county attending school after the first of the year, since Truant Officer W. A. Johnson is issuing warnings to many in various parts of the county that prosecutions will follow their failure to send their children to school.

The first meeting of the Madison county grand jury promises to be a busy one, since there are numerous cases to be investigated. Sheriff Whitlock states that he has been so busily engaged in securing juries for the quarterly court that he has had little time for anything else.

Madison county corn holds its own and continues to bring a price in advance of that in many other counties in this section of the state, all of which speaks well both for the corn and producer.

The moving of tobacco continues and the local warehouses are filling rapidly. There is a good grade and greater quantity being brought in than ever before, it is stated.

Lexington is getting some of the Madison county tobacco, owing to the fact that the Lexington receiving period was several days in advance of that of the local houses, and many of the farmers had to have their barn room for livestock.

But few quail are reported being killed by hunters, who claim the birds are not nearly so plentiful as was believed earlier in the season.

Almost every day W. H. Grider, game warden, is in the field looking after the interest of the game as well as the laws, and he has yet to report a violation in Madison county.

The city school basket ball teams will be in practice again soon, since there will be a series of interesting games soon after the first of the year.

LATE NEWS NOTES

Richmond carpenters report they have sufficient work to keep them busily engaged during the entire winter, the inside work of many buildings having been left for the severe weather which may come later. Preparations are being made at Eastern Normal for more than 200 students to enroll during the opening of the next term about February 1.

There will be more fires reported for the present year in the city of Richmond than for the past three years combined, says city officials.

New York women had a warrant sworn out for another woman whom they claimed was a witch, and who "charmed" their children, stopping their growth.

With all the electricity and natural gas, coal oil dealers assert there is a steadily growing demand for oil, especially during the winter months, in the city of Richmond. The demand is said to be twice as great as two years ago.

Unless all nations agree to disarm, the biggest navy ever known for the United States, is being planned.

Nine persons were killed in Ireland as the result of Xmas celebrations.

With the purchase of the new islands in the south, it is said, will make the Panama zone impregnable to foreign powers if so desired.

Politicians declare there will be another unprecedented building boom next summer, especially if there is a decrease in the price of material.

When Paul Hansen, Chicago, was arrested as a murder suspect, his sister died from nervous shock and his mother is said to be in a serious condition.

At Fall River, Mass., four persons were asphyxiated as the result of a drunken orgy during which a stove was overturned.

Harbor men at New York have rejected the new wage scale and have agreed to go out on strike.

Leonard Housberg, Mansfield, O.,

was killed after he had shot his shotgun against a tree to "poke" a rabbit from a hollow tree, the rabbit running against the gun caused it to be discharged, the contents entering the hunter's head.

Splendid Cough Medicine

"As I feel that every family should know what a splendid medicine Chamberlain's Cough Remedy is, I am only too pleased to relate my experience and only wish that I had known of its merits years ago," writes Mrs. Clay Fry, Ferguson Station, Mo. "I give it to my children when they show the slightest symptoms of being croupy, and when I have a cough or cold on the lungs a very few doses will relieve me, and by taking it for a few days I soon get rid of the cold." dec

DEAR PETEY:

Winston-Salem, N. C.
Monday

Get you a house and lot you'd stay in W-S a month if you ever got to know folks here like I have. Between business and Reynolds factories and a bully time—well my date book has been bubbling over! And, I'm still running into facts that would stagger even your imagination, old football, with all your kick!

Pete, take it straight from government figures direct to you, that every work day in the week R. J. Reynolds Tobacco Co. buys from our "Uncle Sam" enough revenue stamps to pay for a duplicate of the handsome new Winston-Salem post office building! Ever hear of such a thing?

And, if you want to get an eyefull of an army of more than 15,000 people, be down in the Reynolds factory district when the whistles blow! Never saw such a cigarette firing-up time in my life!

Peter, everytime you light a Camel in the future, call back on what I've slipped you about Camels—absolutely, the greatest cigarette at any price—for quality, for refreshing flavor, for mellow mild body, for freedom from any unpleasant cigarette aftertaste or odor! It's worth the busiest smoker's time to compare Camels with any cigarette in the world! Camels are simply a revelation! You know that.

I'll open my eyes in Atlanta tomorrow! In the meantime here's a wad of best wishes I have in stock!

Yours

Shorty.
